PROFESSIONAL SUMMARY

Social media and community professional with experience managing and growing online communities for learning, technology and Web3 brands across Facebook, Instagram, Telegram and Discord. Skilled in creating engaging content, planning and running campaigns and community challenges, tracking participation, and communicating clearly in writing to keep audiences active and engaged.

CORE SKILLS

- Social Media Management (Facebook, Instagram, X, Telegram, Discord etc.)
- Copywriting and Content Creation
- Content Planning and Campaign Coordination
- Community Engagement and Audience Growth
- Community Moderation and Member Support
- Clear Written Communication
- Building and Managing Websites

PROFESSIONAL EXPERIENCE

Community Manager *2025 – 2026*
LAskills (Facebook, Instagram)

- Managed and engaged an online learning community through structured discussions, moderation workflows and recurring engagement activities
- Responded to member questions and reviewed community contributions to keep the space constructive and organised

Community & Social Manager *2024 – 2026*
Chaindustry (Telegram, Facebook)

- Managed a technology-focused online community and reviewed content before sharing it with members
- Created and coordinated community challenges, monitored participation and adjusted activities to support engagement goals

Community Moderator *2024 – 2026*
LAOS Network (Discord, Telegram)

- Coordinated a Zealy campaign and used polls, games and community content to encourage participation
- Moderated discussions across two platforms and communicated project information clearly to support consistent community activity

Community Manager *2025*
StaFi Protocol (Discord, Telegram)

- Facilitated discussions, shared project updates and supported member participation in an active online community
- Helped maintain clear communication and a respectful environment across community channels

Early Community Roles *2024 – 2025*
Dinari and Dexari (Discord, Telegram)

- Welcomed community members, shared project information and helped build awareness of emerging digital products
- Tested the Dexari trading app at an early stage and reported product feedback
